Imagine learning English while being totally immersed in the language and culture of Canada. Our education experience program affords you that exact opportunity. By eating, sleeping, and living in English 24 hours a day, you will make amazing progress in a short period of time. Participants will be placed in a Canadian classroom where they will be partnered with a licensed teacher. During their time in a Nova Scotia public school, students will observe and practice instructional design and delivery in an environment led by trained professionals. Note: students require a study permit to participate in this program.
